QUANTUM TWS

True wireless Noise Cancelling gaming earbuds

Features and Benefits

JBL QuantumSURROUND

Feel like you're stepping inside the game with JBL QuantumSURROUND* for immersive and accurate sound all around you.

*JBL QuantumSURROUND is only available on PC in combination with JBL QuantumENGINE software. Check the connectivity guide for compatibility.

Low latency wireless connection

Establish low latency 2.4GHz connection to compatible devices with the included USB-C dongle that fits snugly in the charging case. The JBL Quantum TWS earbuds are compatible with all Bluetooth enabled devices, such as smartphones and tablets.

Fast Pair and JBL Dual Source

Never miss a call while defending the galaxy. After connecting via 2.4GHz lossless wireless to a compatible device, you can easily pick up an incoming call via Bluetooth and afterwards go back to your 2.4GHz lossless wireless connection with JBL Dual Source.

True Adaptive Noise Cancelling & Ambient Aware

Keep your head in the game with auto-calibration of JBL's True Adaptive Noise Cancelling. Or keep an ear on your real-world surroundings with Ambient Aware.

Be heard with beamforming microphones

Whether you're calling out commands or calling friends for a game, your voice will always come through loud and clear with 6 beamforming mics.

Designed for effortless gaming on the go

Get your game on whenever you get the chance, day or night, rain or shine, with 8 hours of battery life and 16 in the case, plus a durable, lightweight, IPX4 water resistant design for comfort and safety on the go.
