

XTREME 4 TOMORROWLAND

Portable waterproof speaker designed by JBL x Tomorrowland

Unleash powerful sound everywhere

It's time to live loud! The JBL Xtreme 4 Tomorrowland portable waterproof speaker delivers next-level massive JBL Pro Sound with amazing dynamics, even at top volume, thanks to two powerful woofers and two tweeters. Dual pumping JBL passive radiators give you deeper bass that moves you. Want to take your music outside? The handy shoulder strap makes it easy, while the rugged rubber bumpens and IP67 waterproof and dustproof rating mean that a sudden downpour or a dunk in the lake won't stop the fun. When it's time to create an even bigger audio experience, pair two Xtreme 4s for stereo sound. Or for your next party, use Auracast to connect the JBL Xtreme 4 Tomorrowland with any compatible JBL portable speakers, so your friends lounging poolside will vibe to the same playlist as the ones chatting indoors. 24 hours of playtime and a convenient power bank for your device mean you won't have to recharge until morning. All this, plus it's made with recycled plastic and recycled fabric. The JBL Xtreme 4 Tomorrowland brings thrilling sound with you—everywhere.

Features and Benefits

Next level massive JBL Pro Sound

Two woofers, two powerful drivers and dual pumping JBL Bass Radiators effortlessly deliver dynamic, immersive sound with deeper bass and plenty of detail. You'll get lost in the music wherever you are.

24 hours of playtime plus 6 hours with Playtime Boost

Your listening adventures can last all day long. Take the JBL Xtreme 4 Tomorrowland with you from room to room, out to your backyard party, or off to the beach. With 24 hours of battery life, you can play music 'til the sun goes down—and comes back up again—before you'll need a recharge. Simply tap Playtime Boost to prolong the playtime, adding up to 6 hours to your battery life. It tunes and optimizes the performance for louder and crisper sound.

Convenient shoulder strap designed by JBL x Tomorrowland

The speaker can be carried on the shoulder or can be adjusted as crossbody, whatever your style or the mood.

AI Sound Boost

Get the most out of your speaker. AI Sound Boost analyzes the incoming signal in real time while simultaneously using an AI algorithm to predict loudspeaker movement and power response. It pushes the driver to its maximum capability, fully exploiting the dynamic range for better and more powerful sound. It also reduces distortion even at high volume, maximizing the bass output and overall loudness.

Waterproof and dustproof

The JBL Xtreme 4 Tomorrowland's IP67 waterproof and dustproof rating ensures this portable speaker can handle almost any environment, from a poolside party to a seaside picnic.

Multi-speaker connection by Auracast

Want even bigger JBL Pro Sound? Stereo pair two JBL Xtreme 4 Tomorrowland speakers for a wider sound stage. For your biggest parties, multiple JBL speakers can be connected wirelessly using Auracast. You can also pump up your party with JBL PartyBoost by using the JBL Portable app to pair the JBL Xtreme 4 Tomorrowland with other JBL PartyBoost-compatible speakers.

Power up with the built-in powerbank

Don't put the good times on pause. The JBL Xtreme 4 Tomorrowland's built-in powerbank lets you charge your devices without taking a break from the music.

Replaceable battery*

Want even more life out of your speaker? Replace the rechargeable battery* in three simple steps, and your JBL Xtreme 4 Tomorrowland will be back at full power.

*Replaceable battery sold separately

Fast charge

Need a quick boost to see the party through? Ten minutes on the charger gets you another two hours of music.

JBL Portable app

Use the JBL Portable app to receive updates, get product support, and unlock features, all straight from your phone. Fine-tune your sound with multiple EQ presets options. Or use the fully customizable equalizer to adjust highs, mids, and lows—so your music is just right for you.

Made in part with recycled materials

The JBL Xtreme 4 Tomorrowland incorporates post-consumer recycled plastic and fabric for the speaker grille. It's also packaged in FSC-certified paper printed with soy ink.
