

# LIVE 100BT

Wireless in-ear headphones

## Your Sound Unplugged.

Make the most out of your day and keep in touch with your world in style with the new JBL LIVE 100BT. Featuring BT 5.0, they deliver enhanced bass performance and legendary JBL Signature Sound, wirelessly. Accented with premium aluminum finishes, the JBL LIVE 100BT headphones not only look cool but keep you connected thanks to their universal remote and a microphone which enables hands-free calls and voice assistance, when used with most smartphones. Crafted to deliver comfort and on-the-go convenience, users will appreciate the multiple sized ear-tips and neck clip to keep it in place as well as a lightweight carrying case for easy storage.

# LIVE 100BT

Wireless in-ear headphones

## Features and Benefits

### JBL Signature Sound

Large 8mm drivers drive full-bandwidth, powerful sound.

### 9 hours playtime, wireless (BT 5.0)

Enjoy a day worth of music thanks to the 9-hour battery life. BT 5.0 ensures a high quality wireless performance.

### Hands-free calls with voice assistant

Easily control music, phone calls and access your voice assistant with the three-button remote control and microphone.

### Premium aluminum housing

Premium materials help the headphones look as good as they sound.

### Multi-point connection

Never miss a call on your smartphone when watching a video to your tablet: the multi-point connection allows seamless switch between two devices.

### Always in place with neck clip

The convenient neck clip keeps the headphones always in place behind your neck.

### Carrying pouch

Carry case for easy transport and safe storage.
