

# JBL<sup>®</sup> MICRO II

Ultraportable, 3-watt speaker with a Li-ion rechargeable battery and built-in bass port

## JBL<sup>®</sup> Micro II

The JBL<sup>®</sup> Micro II is the first ultraportable speaker featuring a Li-ion rechargeable battery and a built-in bass port. With a 40-millimeter (1-5/8") driver, this speaker delivers full-range JBL<sup>®</sup> sound with exceptional bass – even though it's small enough to fit easily in backpacks or clip onto clothes. It connects to any mobile device or MP3 player with a built-in audio cable, and you can even daisy-chain it with other JBL Micro II speakers for a powerful sonic experience. The JBL Micro II offers performance, portability and pricing that the competition can't touch.

## Highlights

- Built-in bass port
- 5-hour, rechargeable Li-ion battery
- Portable design
- Smart cable design
- LED indicator
- Daisy-chain capability

Hear the truth.

# JBL<sup>®</sup> MICRO II

Take great JBL bass any place.

## Key Features

### Built-in bass port

The JBL Micro II portable speaker is small but muscular. Its built-in bass port generates powerful low-frequency sound that's superior to the bass output of comparable portable products.

### 5-hour, rechargeable Li-ion battery

The JBL Micro II has a built-in Li-ion battery that provides up to five hours of playback time. You can easily recharge the battery using a micro USB port, which will save you battery hassles and money.

### Portable design

Who says you can't take it with you? The lightweight, compact JBL Micro II fits easily into backpacks or pockets.

### Smart cable design

The JBL Micro II portable speaker is always ready to connect and play. And when your source device isn't connected, you can store the built-in, 30-centimeter (11-13/16") audio cable in the bottom of the speaker to prevent tangling.

### LED indicator

A clearly visible LED lets you know when the JBL Micro II's built-in Li-ion rechargeable battery is low, so you can tell when it needs charging.

### Daisy-chain capability

Can't get enough of a good thing? You can connect the JBL Micro II portable speaker to other JBL Micro II speakers, creating an impressive sound environment.
