

JBL ENDURE

Secure Fit Wireless Earphones

Guaranteed Never to Hurt or Fall Out.

Introducing JBL Endure. Secure fit sport headphones designed with a comfortable behind the neck band and the longest battery life on the market – up to 17 hours. This extended battery life paired with JBL Endure's legendary ergonomic fit makes these wireless headphones ideal for any athlete. Designed to fit and be comfortable during any activity, JBL Endure has a slender lightweight band that flexes for optimal comfort and a secure fit. Athletes will also enjoy JBL signature sound, intuitive integrated controls for music and calls, and a sweat proof design.

- ▶ Sweat Proof

JBL ENDURE

Secure Fit Wireless Earphones

Features and Benefits

Bluetooth Compatible

Connect wirelessly to most Bluetooth enabled devices to bring a new level of freedom and mobility to your workouts.

Up to 17 Hours Music & Call time

Power a weeks worth of workouts with the JBL Endure's extended battery life; allowing for longer usage and less frequent charging. JBL Endure also features audible alerts when the battery is low, an on screen battery life indicator, and standby mode when the headphones are not in use.

Flexible Fit

Tested on a broad range of neck sizes, the personalized fit flexes for optimum comfort and a secure fit even during active use.

JBL Signature Sound

Legendary JBL sound that was created by some of the finest sound engineers in the world.

Integrated Controls

Control music, volume, and phone calls wirelessly through the intuitive controls on the neck band.

Twistlock™ patented design

Ergonomically designed ear tips comfortably twist and lock into your ear creating a fit that has been tested and proven by athletes to never fall out.

Flexsoft™

JBL Endure ear tips are made with Flexsoft™, an ultra soft material that will never hurt even during long workouts.

Sweat Proof

With an IPX rating of 4 you can confidently raise your exercise intensity to new levels without fear of perspiration affecting your gear.
