

BassLine

DJ Style Over-Ear Stereo Headphone

JBL BassLine: Connect to the life of the party

A headphone for the high-octane night owl in us all, JBL BassLine features all the chrome you'd expect from a cutting-edge DJ stereo headphone: bold color schematics, brilliant metal accenting, and dual rotating earcups that let you listen to one track while keeping your other ear poised for the next. It's also got the sound to match the looks: with its 40mm driver working its high-grade magic on your ears, you'll hear each track as it's meant to be heard – authentically. Fully compatible with most smartphones, tablets, and similar devices that play music track-lists, JBL BassLine connects you with the life of the party from the moment you put it on.

Features

- ▶ Authentic DJ-style design features like dual rotating earcups
- ▶ Straight cable with in-line mic connects you to portable listening devices – as well as to your phone
- ▶ Advanced 40mm driver featuring high performance JBL signature sound
- ▶ Provocative color schemes boasting hard, metallic accents

BassLine

DJ Style Over-Ear Stereo Headphone

Authentic DJ-style design features like dual rotating earcups

The JBL BassLine's got DJ written all over it, featuring dual rotating earcups that let you listen to one track while keeping your other ear poised for the next.

Straight cable with in-line mic connects you to portable devices – as well as to your phone

The JBL BassLine is the kind of headphone that lets you keep pace with even the fastest social calendar. Not only can it connect to nearly any portable device, letting you DJ from both smartphones and tablets alike - but its in-line mic lets you take phone calls without ever needing to take off your headphones. Either way, you're always connected to the heart of the action.

40mm driver featuring high-performance JBL signature sound

We know you've got good taste in sound. We like that about you. That's why the JBL BassLine features a 40mm driver that delivers performance-grade JBL sound to every track you're mixing – or the call you're answering.

Provocative color schemes edged with hard, metallic accents

There's nothing wrong with looking right. With its 4 dynamic color schemes (black, white, red and blue) and its anodized aluminum accents and chrome plating, the JBL BassLine brings you stage presence even before you start spinning.
