

JBL Spot™

Powered satellite speakers and subwoofer

The JBL logo is displayed in white text on a dark orange square background.

JBL Spot™ is a powerful, compact 2.1-channel multimedia sound system that comes with interchangeable black and white outer covers. But an eye-opening array of optional covers in other colors and patterns is available (JBL wrappers). Be bold or subtle. Go retro or avant-garde. Match your room or your mood. The choice is yours – and you can always change your mind later. The only thing about JBL Spot that doesn't change is the sound. That's perfect right out of the box.
