- ▶ Voice clarity with 3-mic technology
- ▶ Boost your productivity
- ▶ Dual Connect + Sync with Fast Pair
- ▶ Hands-free Voice Control
- ▶ Customize with the free My JBL Headphones App

TOUR Pro+ TWS

True wireless in-ear noise cancelling headphones

Features and Benefits

Adaptive Noise Cancelling with Smart Ambient

JBL's Adaptive Noise Cancelling technology utilizes internal and external mics to minimize distractions while maximizing audio quality as you enjoy the soundtrack of your life. With Smart Ambient Technology, stay alert to the world around you or hear friends and colleagues clearly with the touch of a button or via the JBL app.

JBL Pro Sound

From rich, punchy bass to thrilling top notes, you'll always experience the ultimate sound experience with our JBL Tour Pro+ TWS 6.8mm dynamic drivers powered by JBL Pro Sound.

Up to 32 Hours of total music playback, wirelessly

Stay connected all day with up to 32 hours of battery life, Qi-compatible wireless charging, and three power-ups in the case. Plus, even if you do eventually run out of juice, you can speed charge back to an hour of playtime in minutes.

Voice clarity with 3-mic technology

Noisy environment? No problem! JBL Tour Pro+ TWS ensures perfect voice clarity during calls with an array of two outer beamforming microphones and a third to reduce wind and other distractions.

Boost your productivity

Create an ideal sound world where you can fully focus on your tasks. Need a quiet space? SilentNow has you covered. Auto Off powers down your headphones after a period of time of your choosing. Get help waking up with My Alarm, fine-tune your sound with Smart Audio & Video and automatically pause your headphones when taking them off. All these features are controlled via the My JBL Headphones App.

Dual Connect + Sync with Fast Pair

From the moment you open the case, Dual Connect starts the Bluetooth sync process for an ultra-stable connection. Each earbud connects independently, so you can assign functions to the left or right earbud and take calls from either or both.

Hands-free Voice Control

Stay connected to your digital world wherever you go. Activate your preferred Voice Assistant just by using your voice. You can even talk to Hey Google to control your headphones. Voice prompts are available in multiple languages.

Customize with the free My JBL Headphones App

Personalize the soundtrack of your life with the My JBL Headphones App. Download the free app to set up custom EQ, switch on Adaptive Noise Cancelling, or adjust your Ambient Sound Control settings.
