Wireless two microphone system

## Features and Benefits

### High vocal quality and JBL Original Pro Sound

The crystal clear clarity from the JBL wireless mics means no jamming, delay or distortion. Your voice will sound on point, with the backing of incredible JBL Original Pro Sound.

### Rechargeable UHF dual channel wireless receiver

There's no need to fly solo, unless you want to take center stage of course. Connect two wireless microphones together and hear both voices blended perfectly through the speaker for up to 6 hours of playtime.

### Plug and play

When you want to be heard, you want to be heard now. The JBL wireless mics have a super simple setup. Just turn on the receiver and wireless microphone and you're good to go instantly.

### Microphones come with replaceable AA batteries

JBL wireless mics come with easy replaceable AA batteries, so get your groove on all night long.

### Best performance with JBL PartyBox speakers

Use JBL wireless mics on a speaker with a mic input, but for the best experience, add-on to any of the JBL PartyBox speakers.
