

JBL ONBEAT™ MINI

Two JBL® full-range transducers bring your iPad mini alive

The small, powerful loudspeaker with Lightning connector for your iPad

Introducing the JBL OnBeat™ Mini. This compact speaker dock for the iPad mini packs a serious audio punch, thanks to two JBL® full-range transducers and built-in DSP (digital signal processing) that combine to deliver dynamic, space-filling sound.

If you've got an iPad mini, you've got to get the JBL OnBeat™ Mini. This JBL speaker dock lets you enjoy the music on your iPad mini, iPad (4th generation), iPhone 5, iPod touch (5th generation) or iPod nano (7th generation) without adapters – and it has a USB port for compatibility with other devices. It can bring the sound from ceiling to floor for up to 8 hours using its internal battery, and even charges your docked device when it's using AC power. Compact and portable, the JBL OnBeat Mini is good to go whenever the rhythm hits you.

Highlights

- Built-in Lightning dock
- JBL full-range transducers
- Digital signal processing
- Rechargeable battery or AC power
- USB port
- 1/8" (3.5mm) stereo input connector
- Compact and portable design
- LED status indicator

JBL ONBEAT™ MINI

Two JBL® full-range transducers bring your iPad mini alive

Key Features

Built-in Lightning dock

Get live with the music on your iPad mini, iPad (4th generation), iPhone 5, iPod touch (5th generation) or iPod nano (7th generation) thanks to the JBL OnBeat Mini's Lightning docking connector. The connection is built in, so you don't need to buy an adapter.

JBL full-range transducers

Find a room and rock every bit of it. The JBL OnBeat Mini features not one but two JBL full-range transducers to project incredibly dynamic sound that fills your surroundings.

Digital signal processing

JBL speakers – even small ones – aren't misers when it comes to delivering great sound. The JBL OnBeat Mini employs digital signal processing to generate big audio with great bass from a compact speaker.

Rechargeable battery or AC power

You can power your own personal concert for up to 8 hours with the JBL OnBeat Mini's built-in, rechargeable battery or bounce to the beats nonstop using its included AC adapter.

USB port

Enjoy easy access to great music with the JBL OnBeat Mini's built-in USB port, which provides audio playback from other devices. The USB port also charges iPad, iPod and iPhone devices when you're using AC power. (Apple cable not included.)

1/8" (3.5mm) stereo input connector

The JBL OnBeat Mini's 1/8-inch (3.5-millimeter) audio input connector conveniently allows you to connect to virtually any portable audio device and make it the centerpiece of the party.

Compact and portable design

Move to the music whenever the mood strikes you, thanks to the JBL OnBeat Mini's recessed connectors and lightweight, compact design.

LED status indicator

For your convenience, the JBL OnBeat Mini's clearly visible LED indicator fills you in on its operating status.

What's included:

- 1 JBL OnBeat Mini speaker dock
- 1 AC power supply with outlet adapter
- Warranty card
- Quick-start guide
